

18th April 2016

Mahreen Akhtar

Since completing the course Mahreen has continued with her voluntary work at GOAL. She has supported tutors delivering I.T. Mahreen also supported individuals in the Internet Café, she worked with basic learners and helped them through completing Learn My Way. This has helped Mahreen to gain more I.T. experience and becoming more confident.

Mahreen decided not to pursue her childcare course, instead she started a level 5 business course at college in October 2015. Alongside her course she does 6 hours of voluntary work per week, involving various admin duties and supporting Internet Café at GOAL. Her business course finishes in July 2016, when she hopes to apply for some office based jobs.

11th Jan 2017

Mehreen is currently studying Level 1 English and Maths and hopes to complete this in July 2017. Alongside this she is also volunteering at GOAL.
