DOSTI Group - Binding Communities

Go-Woman! Alliance CIC (GOAL) is delighted to have been awarded funding by Awards for All to work with DOSTI group.

The funding will allow GOAL to provide business support activities via workshops in enterprise and an enterprising culture, allowing the group to explore their existing skills and use these to generate income.

Yasmin Akhtar, project manager at the group, said “The funding will allow GOAL to provide ad hoc business support sessions to develop the groups legal structure and help build capacity within the group.

In order to build long-term sustainability, we will work closely with the group to develop income generation strategy through women in the group taking ownership, developing services that can generate income.”

The Big Lottery Fund supports the aspirations of people who want to make life better for their communities across the UK. We are responsible for giving out 40% of the money raised by the National Lottery for good causes and invest over £650 million a year in projects big and small in health, education, environment and charitable purposes.
