

Hi my name is Sana Tariq. I am married and started my new life in UK almost 2 years ago. I have done my bachelor's degree in Business Management. I have also done 1 year research on domestic violence in Pakistan.

Go-Woman! Alliance is a platform for me where I can show my skills. I am working with Go-Woman! Alliance from almost a year. I am employed as assistant to GOAL team members.

I am currently part of online group sessions called DOSTI Group, where ladies can share happiness and joy, sad and funny memories of life and all that with a cup of tea - Thanks Go-Women Alliance
